Strumming pattern: D UUDU

- we will start with single strums to get the transitioning
- Can be played with single strums. It's a sweeter song
- Play strumming pattern once on every chord unless it says otherwise

And it's not your fault I can't be what you need
Baby, angels like you can't fly down to hell with me
I'm everything they said I would be
La, la, la
I'm everything they said I would be

[Verse 2]

I'll put you down slow, love you goodbye
Before you let go, just one more time
Take off your clothes, pretend that it's fine
A little more hurt won't kill you tonight

[Pre-Chorus]

Mother says you don't look happy
Close your eyes

[Chorus]

I know that you're wrong for me
Gonna wish we never met on the day I leave
I brought you down to your knees
'Cause they say that misery loves company
It's not your fault I ruin everything
And it's not your fault I can't be what you need

I'm everything they said I would be
